

Simplified Standard Utility Allowance (SUA)

State agencies electing to use the SUA for all households in place of actual utility costs can adopt the simplified SUA. This eliminates the requirement to prorate the SUA among households that share living space, and it allows public housing residents with shared meters who are charged for only excess utility costs to have the benefit of the SUA as a deduction from income. All State agencies except the Virgin Islands use a Standard Utility Allowance.

Mandatory SUA Simplified			SUA Not Mandatory		No SUA
